Such rights and duties shall include, by way of illustration and not by way of limitation, the right to:
1. Manage and control its business, its equipment, its facilities, and its operations and to select and direct all employees and all affairs of the local school district.
 2. Adopt policies; assign, reassign and direct its personnel; and, hire, evaluate, promote, reprimand, suspend, discharge, transfer, lay off, and assign work or duties to employees.
 3. Establish hiring procedures and, subject to the provision of the law, determine the qualifications of employees, including health and conditions.

- B. The Association recognizes that the Board is legally responsible for the operation of the entire school system within the geographic boundaries of the Santa Rosa County School District, and that the Board has the necessary authority to discharge all of its responsibilities.
- C. In meeting such responsibilities, the Board, as the legislative and policy making body, acts through the School Superintendent and his/her administrative staff. The Board, Superintendent, and administrative staff shall be free to exercise all of their managerial rights and authority to the extent permitted by law, State Board of Education Regulations, School Board Policies and this collective bargaining Agreement.

ARTICLE IV: GRIEVANCE PROCEDURE

- A. Purpose The purpose of this procedure is to secure, at the lowest possible administrative level, equitable solutions to the problems that may, from time to time, arise affecting the welfare or working conditions of employees. Both parties agree that proceedings shall be kept as informal and confidential as may be appropriate.

- B. Definition Grievance procedures - The grievance procedure is to be used for the settlement of disputes between employer and employee, or group of employees, involving the interpretation or application of the collective bargaining Agreement. No grievance shall be adjusted without prior notification to the Association providing opportunity for an Association representative to be present when requested by the employee.
1. A grievant is the employee or group of employees making the claim.
 2. A Party in interest is the employee or employees making the claim and any person who might be required to take action in or against whom action might be taken in order to resolve the claim.
 3. Days shall mean working days.
- C. Procedure A grievance may be filed by a grievant or grievants whenever the grievance applies to more than one building and a group of employees with a common complaint have requested such action.

Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each step should be considered as maximum and every effort will be made to expedite the process. The time limits specified may, however, be extended by mutual agreement. A grievance may be initiated at step two by an employee or group of employees if the authority for correcting the grievance only rests with the Superintendent, his/her designee, or the School Board. The Association shall have the right to be represented at all grievance hearings subsequent to informal step.

Informal: In the event that an employee believes there is a basis for a grievance, he/she shall first discuss the alleged grievance with the immediate supervisor with the objective of resolving the matter informally. The informal discussion preceding a grievance is an opportunity for the employee and employer to discuss concerns and try to resolve problems. The employee reserves the right to meet with or without representation at this discussion. However, should the administration choose to not meet with the employee with representation at the informal step, then the employee may choose to bypass the informal step and meet at Step 1 with representation.

Step One: If the grievant has been unable to resolve his/her grievance informally, the grievant(s) shall invoke formal grievance by filing the prescribed form (Appendix B) with his/her immediate supervisor within fifteen (15) working days after the event or events on which the grievance is based are known by the grievant. The Association shall be provided with a copy of any grievances filed. The grievance form shall name the employee or employees involved, state the facts giving rise to the grievance, identify all the provisions of this agreement alleged to have been violated, state the contention of employee or employees with respect to these provisions, indicate the relief requested, and shall be signed by the employee or employees involved.

The immediate supervisor shall give the employee or employees an answer in writing not later than six (6) days after receipt of the written grievance.

Step Two: If the grievance is not resolved in STEP ONE, the employee must, within six (6) days after receipt of the immediate supervisor's answer, submit to the Superintendent or

his/her designee his/her appeal of the immediate supervisor's disposition. The Superintendent or his/her designee and the grievant or grievants shall meet within a reasonable time, not to exceed ten (10) days, in an attempt to resolve the matter.

The superintendent or his/her designee shall respond in writing to the grievance within six (6) days of the meeting.

Step Three: If the grievant is not satisfied with the disposition proposed by the Superintendent or his/her designee, the grievant shall have six (6) days within which to appeal the grievance to the Board. Scheduling of a hearing before the Board will be in compliance with applicable Board policies.

Step Four: If the grievance remains unresolved at the conclusion of Step Three, it may be submitted for arbitration at the request of the Association, provided written notice of the request for submission to arbitration is delivered to the Superintendent or his/her designee within six (6) days after the Board's hearing. Within five (5) days after the date of the written request for arbitration, a committee of the Board or its designated representative and the Association, shall make every reasonable effort to agree upon a mutually acceptable arbitrator. If the parties are unable to agree upon a mutually acceptable arbitrator within the time period set forth herein, the party seeking arbitration shall file a request with the American Arbitration Association. The arbitrator shall be selected and the arbitration conducted in accordance with the rules and procedures of the American Arbitration Association (AAA). Associated cost of the arbitrator shall be divided equally between the Association (SRPE) and the School District.

- D. The arbitrator shall then meet with the two parties for the purpose of making a decision relative to the grievance. The arbitrator shall not have the power to add to, subtract from, modify or alter the terms of this Agreement. The Association and Board shall share equally all expenses and fees of the arbitrator. All other expenses shall be borne by the party incurring them, and neither party shall be responsible for the expense of witnesses called by the other. The Board and the Association shall not be permitted to assert in such arbitration proceeding any ground or rely on any evidence not previously disclosed in Step One, Step Two, and Step Three to the other party. Both parties agree that the award of the arbitrator shall be final and binding.
- E. The time limits provided in this Article shall be strictly observed, but may be extended by written agreement of the parties. In the event a grievance is filed after May 15 of any year and strict adherence to the time limits may result in hardship to any party, the Board shall use its best efforts to process such grievance prior to the end of the school term. Notwithstanding any other provision of this agreement, whenever illness or other incapacity of the grievant prevents his/her presence at a grievance meeting, the time limits shall be extended to such time that the grievant can be present. When such grievance meetings and conferences are held during school hours all employees whose presence is required shall be excused, with pay, for that purpose.
- F. Notwithstanding any other provision of this agreement, whenever illness or other incapacity of the management representative involved prevents his/her presence at a grievance meeting, the time limits shall be extended to such time that the management representative involved

can be present.

- G. Adjustment of any grievance as described herein shall not be inconsistent with the provisions of this Agreement.
- H. All employees will be entitled to their rights under the law. An employee who participates or intends to participate in any grievance as described herein shall not be subjected to discipline, reprimand, warning or reprisal because of such participation or intention. All documents, communications and records dealing with the processing of a grievance will be filed separately from the personnel files of the participant.
- I. Notwithstanding the expiration of the Agreement, any claim or grievance arising thereunder may be processed through the grievance procedure until resolution.
- J. The failure of the grievant to proceed from one step of the grievance procedure to the next step within the time limits as set forth herein, shall be deemed to be an acceptance of the decision previously rendered and shall constitute a waiver of any future appeal concerning the particular grievance, unless mutually agreed otherwise.
- K. The failure of an administrator to communicate his/her decision to the grievant or grievants within the specified time limit shall permit the grievant or grievants to proceed to the next step in the grievance procedure.
- L. The filing of a grievance shall in no way interfere with the right of the Board to proceed in carrying out its management responsibilities, subject to the final decision of the grievance.
- M. Any alleged grievance occurring during the period between the termination date of the Master Agreement and the effective date of a new Agreement shall not be subject to the grievance procedure. Any grievance which arises prior to the effective date of this Agreement shall not be processed.
- N. In the event the alleged grievance involves an administrative order, or requirement, the grievant shall fulfill or carry out such order or requirements, pending the final decision of the grievance.

Powers of the Arbitrator: It shall be the function of the arbitrator, and he/she shall be empowered, except as his/her powers are limited below, after the hearing, to make a decision in cases of alleged violation of the specific articles and sections of this Agreement.

- 1. He shall have no power to rule on any of the following:
 - a. Failure to re-employ any probationary employee or employees.
 - b. The placing of a probationary employee or employees on additional probation, in accordance with Florida Statutes 231.351.
- 2. He shall have no power to change any practice, policy, or rule of this contract; it being understood that any matter not specifically set forth herein remains within the reserved rights of the Board.
- 3. All claims for back wages shall be limited to the amount of wages that employee or

employees would otherwise have earned, less any compensation that he/she may have received from any source during the period of the back pay.

ARTICLE V: WORKING CONDITIONS

- A. The Board and the Association recognize that the primary responsibility of a teacher is to teach and carry his/her fair share of the total school responsibilities. Therefore, the Board agrees that sufficient teacher assistants may be permitted to assist teachers in non-teaching responsibilities, which can, without disrupting the operation of the school, be delegated to auxiliary personnel. The above is under the supervision and direction of the school principal.
- B. The Board will strive, limited to funds available, to provide the necessary materials, buildings, and equipment based on program needs.
- C. All employees shall be entitled to a duty free lunch period of approximately thirty (30) minutes, which shall be considered as part of the school day. Principals may require elementary teachers to accompany their students at lunch during the first ten (10) days of the school year.
 - 1. In schools where teachers desire a sixty (60) minute lunch period during planning days, this may be allowed provided all the following conditions are met:
 - a. Only thirty (30) minutes of these sixty (60) minutes shall be considered as part of the teacher's workday.
 - b. The thirty (30) minutes lost at lunch shall be made up by the teacher each day immediately preceding or succeeding the regular workday as determined by the principal.
- D. Telephone facilities shall be made available to employees for school business.

- G. The teacher's regular classroom may be used for conferences with parents and students. If a teacher does not have a classroom available, the principal shall provide the teacher a place for a conference, as soon as a place is available.
- H. All elementary teachers, including special subject teachers, shall have a short relief period in both the morning and afternoon each day in schools where this problem exists and as scheduled by the principals. At all levels, administrators shall not unreasonably deny a short relief period to any teacher if needed in order to attend to emergency personal matters.
- I. Faculty meetings in each school may be scheduled as necessary by the principal at his/her discretion. Such meetings shall be as brief and well planned as possible and should not exceed one hour in length. The Association president, his/her designee and/or Association

building representative shall be given an opportunity at the conclusion of each building faculty meeting to present brief reports and announcements. At meetings pertaining to matters not germane to education, such as commercial salesmen, etc., attendance shall be voluntary.

- J. Every effort will be made to provide well-functioning heating and air conditioning to maintain comfortable conditions in every classroom.
- K. All funds collected in the name of the school become public funds and are subject to laws and regulations governing same. The principal who is held responsible for the internal accounts at the school is encouraged to involve teachers, parents, students, or others who assisted in raising the funds to help him determine how the funds will be expended.
- L. The Board shall, depending on funds available, continue to provide a professional reference library at the district media center.
- M. It is recognized that teachers must meet the individual learning needs of all students. Therefore, the Board agrees to provide multi-level and/or multi-text materials, as budget consideration dictates.
- N. Each school may spend up to 50 percent of its net allocation for "non-adopted" instructional materials. However, it is required that all "basic" textbook needs are provided for before any of the instructional materials/textbooks allocation is spent otherwise. This "non-adopted" material must be evaluated and approved for use before purchase can be made. This is also true of state adopted materials that have not been approved previously for use in the district. The evaluation form (provided by the district office) must bear the signature of the principal or his/her designee, the curriculum coordinator, when provided, and the head of the department or grade chairman. Preferably this process shall involve the administration, curriculum coordinator, and all teachers in a grade level or subject matter area.
- O. The Board shall continue to provide in each school, depending on funds available, a computer and copying facilities for employees to use in the preparation of instructional materials.
- P. Teachers shall be called upon to participate in planning in such areas as: (1) teaching techniques; (2) courses of study; (3) textbook selection; and (4) other educational matters.

Q*. Teachers at senior high and middle schools:

School administration may schedule faculty meetings during this planning time under the following conditions:

1. Unless an emergency arises, the faculty meetings are scheduled at least two working days in advance.
2. Scheduled faculty meetings have at least 10 working days between occurrences.

R*. Each normal school week, pre-school through elementary grade teachers shall be scheduled a 30 minute uninterrupted, unencumbered common planning time, exclusive of other non-contact (specialty area and lunch) time in the work day.

School administration may schedule faculty meetings during this planning time under the following conditions:

1. Unless an emergency arises, the faculty meetings are scheduled at least two working days in advance.
2. Scheduled faculty meetings have at least 10 working days between occurrences.

*R & S above: If desired, a teacher may elect to schedule Professional Development, Parent Meetings, IEP meetings, etc. during the 50/30 minute common planning, but such meetings will not be mandated during the 50/30 minute common planning period.

- S. Substitute teachers should be hired to fulfill the duties of all absent teachers and teachers on temporary duty including art, music, physical education, adaptive physical education, and other special area teachers. The principal or administrative designee will make a good faith effort to provide substitute instructors for such teachers. When substitutes cannot be provided for itinerant teachers, the principal or his/her designee, should provide release time for the effected classroom teacher during the itinerant teacher's assigned period.
- T. When a student requires medical services at a school site, those services may be assigned to an employee, provided that the employee receives additional specialized training prior to the students' assignment.
- U. A district inclusion policies and best practices manual shall be developed and revised as necessary to keep it current with district expectations.
- V. Employees shall be trained in the use of the currently designated electronic educator coverage system. Once the training has occurred, teachers will be responsible for reporting all absences and obtaining substitutes by utilizing the designated system. Teachers may arrange for their own substitutes if the absence is known in advance as long as the information is properly reported to the designated system. It is the intent of the district that a substitute teacher be hired when one is available for every teacher absence, regardless of the length of that absence. If no substitutes are available, then other arrangements must be made including splitting classes when absolutely necessary.
- W. The Board recognizes the importance of using designated planning days for teacher planning time and will make every effort to minimize scheduling other activities on these days.
- X. Equitable Duty.
The principal will be responsible for seeing that duties are fair, equally weighted, and equitable.
- Y. Teacher Preparations – "Preparations" as used herein shall be construed to mean any

different grade level, course title, subtitle, or specified level. It shall not be construed to mean differentiated student ability levels with a grade level, course title, subtitle, or specified level.

The parties agree that the Employer has the responsibility of preparing and promulgating teaching schedules for its teachers. In order to be fair and equitable in course assignments every effort shall be made to minimize and/or reduce the number of preparations of each member in the department. The parties agree that teachers shall not be required to teach in more than three (3) certification areas nor exceed three (3) daily preparations in middle and secondary schools, unless:

1. The teacher consents in writing to teach more than specified above, or;
2. The above limitations to any particular teacher(s) would create an unusual difficulty in scheduling within a school or create unusual hardships on students.

Z. Administration is allowed to approve flexibility in work hours for current employees in order for these employees to be able to participate in student teaching courses involving observations and practicums. This does not include full time student teaching assignments.

AA. Peer Assistance: Any teacher needing assistance will select a peer mentor from the appropriate district subject area director's formulated and approved list. This mentor will not work at the school site of the teacher needing assistance. This peer mentor will be given release time to work with the teacher when planning and observing the teacher during classroom instruction as mutually agreed upon by school site principals. The peer mentor will not be involved in the evaluation process and will help the teacher meet the goals of the Professional Improvement Plan.

AB. The Association Representative has the right of communication or meetings with members at each worksite, as long as it does not interfere with instructional time. Brief Association announcements may be made over the building communications system before or after the normal class schedule. The principal/director will receive prior notification.

ARTICLE VI: INSTRUCTIONAL AND PROFESSIONAL DEVELOPMENT

- A. All teachers are expected and required to take part in planned self-improvement activities, as determined by teachers with the approval of the administrative staff, the Superintendent and/or the School Board. Such activities shall be primarily for the purposes of correcting deficiencies in teacher certification, extension of certificates, additional coverage, and general improvement of the total school program.
- B. The Professional Development Center is responsible for providing in-service training as directed by a PDC Council composed of a majority of classroom teachers. The classroom teacher members of the Council shall be elected by instructional personnel, recommended by the Superintendent and approved by the Board. The In-service Committee shall carry out the election procedures established by the PDC Council. (see Article II P. and Article XX G.)

- C. It is expected that there will be fair representation of the directly affected personnel within the school district level committees investigating, recommending and/or modifying actions or procedures, policies, and the like, the Association has the right to exercise a membership role in the committee makeup, whether or not the Association has in the past. The School District has a duty to make known to the Association any established or to be established committee.
- D. Individuals serving on district level committees shall be given in-service points for attendance and service on these committees. Serving on district level committees improves and enhances leadership skills. A voucher with the meeting date, time and agenda must be signed by the administrator facilitating the meeting.

- A. The school workday shall be seven and one-half (7-1/2) hours. Daily schedules shall be worked out at each local school with the recommendation of the Superintendent and approval by the Board.
- B. At the beginning of each grading period at least one (1) day shall be provided in the calendar for the purpose of teacher planning and evaluation. If the calendar committee should elect to use a planning day(s) as a precautionary storm make-up day(s) for students, the planning day(s) will convert into an early release day(s) for employee planning. When applicable, this day(s) will also count as an employee storm make-up day(s).
- C. Attendance at Meetings:
 - 1. Teachers may leave school early to attend professional meetings called by the Superintendent or his/her designee with approval from the Principal.
 - 2. On those days that the teacher returns to school after school hours to attend PTA meetings or other school-sponsored functions, the principal shall grant teachers the right to flex their work hours. The abuse of this privilege by a teacher will forfeit his/her right to it.
- D. Teachers may be called upon to perform extra duties beyond the 7-1/2 hour day, but no more than the past two (2) school years.
- E. The school year for teachers shall be 196 days including six paid holidays. Labor Day, Thanksgiving Day, Christmas Day, Martin Luther King Birthday, President's Day, and Good Friday.

ARTICLE VIII: CLASS SIZE - CLASS LOAD

Within the budgetary and financial limitations of the school district, the Board shall continue its effort toward meeting Southern Association of Colleges and Schools accreditation standards in regard to class size. If an individual teacher's class load exceeds the Southern Association's accreditation standards by more than 10 percent the teacher may appeal to the administration for

relief of this situation; and if a teacher's class load is 10 percent less than the Southern Association's standards, he/she shall cooperate with the administration in correcting inequalities in class size.

ARTICLE IX: EMPLOYEE'S AUTHORITY AND PROTECTION

- A. The Board recognizes its responsibility to give reasonable support and assistance to employees with respect to the maintenance of control and discipline.

No employee shall be entitled to earn more than one day of sick leave times the number of months of employment during the year of employment. Such leave shall be taken only when the employee is unable to perform duty because of personal illness or illness or death of father, mother, brother, sister, husband, wife, child, or other close relative or member of his/her own household. The employee shall notify his/her immediate supervisor as early as possible.  - a. Section §.1012.61 Florida Statutes allow school employees to voluntarily donate their accrued sick leave days to other employees who are ill and have used all of their own days. SRPE and the District have an interest in allowing district employees to voluntarily donate their personal accrued sick leave days in certain circumstances whenever an employee runs out of sick leave. The procedures will closely mirror the current sick leave donations for employees with family members. HR will review its current policies to determine what provisions that need to be in place to allow such transfers and what procedures need to be adopted. No employee may donate days unless they have more than ten accrued days and are limited to donating up to 5 days per fiscal year. Investment plan participants will be eligible for terminal sick leave pay only if the participant meets the normal retirement age or years of service as defined in paragraph b.(1)(a) below. No payment for sick leave will be made to investment plan participants under the early retirement criteria for pension plan participants as listed in paragraph b.(2)(a) below except by specific School Board action for retirement incentives for all employees.
 - a. Any employee entitled to terminal pay benefits shall have been under contract to render services for the period immediately preceding retirement or death and shall not be under suspension from duty except for reasons pertaining to health, or have any charges pending which could result in dismissal from employment.
 - b. Retirement as used in this section shall be defined as (1) the filing with the Board resignation forms that have been signed and notarized and (2) the filing of the proper paperwork with the Division of Retirement with an effective retirement date within six (6) months of separation date from school board.

 - c. Daily rate of pay shall be calculated by taking the regular contract salary of the individual and dividing by the days in the contract period. Supplemental pay or pay for part-time additional jobs shall not be used in calculating daily rate of pay.
 - d. Terminal pay shall not exceed an amount determined as follows:
 - (1) During the first three (3) years of service the daily rate of pay multiplied by thirty-five (35) percent times the number of days of accumulated sick leave.

- (2) During the next three (3) years of service the daily rate of pay multiplied by forty (40) percent times the number of days of accumulated sick leave.
 - (3) During the next three (3) years of service the daily rate of pay multiplied by forty-five (45) percent times the number of days of accumulated sick leave.
 - (4) During the next three (3) years of service the daily rate of pay multiplied by fifty (50) percent times the number of days of accumulated sick leave.
 - (5) During and after the thirteenth (13) years of service the daily rate of pay multiplied by one hundred (100) percent times the number of days of accumulated sick leave. However, the number of days may not exceed the number of working days for the employee's pay type for a school year, or the number of sick leave days the employee has accumulated as of June 30, 1996, whichever is larger.
- e. If an employee is not participating in **DROP** and has at least fifty (50) days of accumulated sick leave, payment for sick leave days may be made in two calendar year installments after resignation, but prior to official retirement date, if resignation has been signed and notarized by October 31 of a calendar year and the effective retirement date is no later than December 1 of the next calendar year. Payments will be made in December and the month of effective retirement date. Initial payment will be one-half (1/2) of accumulated sick leave days payable at the percentage stated above. These days (one-half of the accumulated sick leave days) shall then be charged to the employee's record as having been used. The final payment shall be calculated based on the number of accumulated sick leave days at date of retirement and at the appropriate percentage as stated in 1-5 above. An employee who selects to use the above method of receiving their terminal pay will not be eligible to use the sick leave bank until (1) all of their sick leave and annual leave has been depleted and (2) the employee has been on leave without pay for the number of days equal to the number of sick leave days for which they have been paid according to this policy. In the event the employee rescinds the resignation and the School Board approves the request, the employee may buy back any or all of the days of sick leave paid for under the above sections. The buyback rate shall be the same as the rate paid to the employee.
- f. If an employee is participating in **DROP** and has at least fifty (50) days of accumulated sick leave, payment shall be distributed according to the following table.

Months in DROP	Number of Payments	Portion for each payment
01 - 12	1	balance

At no time when a payment is to be made, other than the final one,

shall the number of remaining days of sick leave be allowed to be less than fifty (50). If that would be the case then either a partial payment or NO payment shall be made.

An employee in DROP will not be eligible to use the sick leave bank until (1) all of their sick leave and annual leave has been depleted and (2) the employee has been on leave without pay for the number of days equal to the number of sick leave days for which they have been paid while in DROP.

- g. Payment for unused sick leave and annual leave shall be processed through the "FICA Alternative Plan for the Santa Rosa County School Board - Plan 001" ("Plan"). The Plan is in accordance with the provisions of the Bencor National Government Employees Retirement Plan as approved by the Santa Rosa County School Board on May 13, 1999. It is understood that should an employee request their funds from the Plan upon separation from the School Board, the company will facilitate getting the employee their money within two weeks of the request or of receiving the money from the School District whichever comes last. No employee shall lose funds as a result of the Plan by withdrawing their money within 30 days after terminating employment with the School Board and the money has been submitted to the Plan.
- 4. A Santa Rosa County School District employee may donate accrued sick leave to a spouse, child, parent, or sibling, who is also an employee of Santa Rosa County School District. The recipient may not receive or use the donated sick leave until all of his/her sick leave has been depleted, excluding sick leave from the Sick Leave Bank. D. Maternity Leave

1. A full-time employee who is an expectant mother at the beginning of the school term or who becomes pregnant during the school term shall be granted maternity leave as provided herein. When an employee determines that she is pregnant and wishes to take maternity leave or family adoption, she shall file with the Superintendent a written application for leave with an attached statement from the attending physician stating the expected date of birth of the child. If possible the employee and her immediate administrative superior shall mutually agree to the effective date for the suspension of services. Such decision shall be based on, but not limited to, physical condition, effectiveness in carrying out her assigned duties, availability of a satisfactory replacement, term of service required for credit for a year of service, and the recommendations of the

attending physician. The administrative superior shall determine and inform the employee as to the number of days or hours of service required for her to receive credit for a year of service for continuing or professional services contract and salary purposes during that school year. When a mutually acceptable date for the suspension of services cannot be achieved, the Superintendent shall evaluate the recommendations and information submitted to him by both the employee and their immediate administrative superior and shall make an appropriate recommendation to the School Board for its consideration and action.

2. Maternity leave for an employee shall be granted only when a contractual relationship exists which will be in effect during the period of the leave. The leave application shall specify the period for which leave is requested; provided that leave in excess of one year will not be allowed.

Subsequent to the birth of the child, the employee will be returned to duty in accordance with the approved leave application; provided that a certificate from the attending physician is filed with the Superintendent certifying that the employee is physically and emotionally able to return to duty.
 - a. Where an employee in annual contract status is granted maternity leave the employee must be under contract to render services for the school year during which such leave is to occur. Any employee in annual contract status requesting leave for an entire school year must be duly re-appointed and shall enter into a written contract to render services for the ensuing school year prior to the approval of leave. Leave granted to such person shall not be interpreted to assure reappointment for the next school year but shall be only for the purpose of protecting probationary service for continuing or professional services contract purposes. Any employee in annual contract status and on leave shall be considered for reappointment at the time of the reappointment of instructional personnel. Any employee whose services are not satisfactory and who would not, at the time of leave, be considered for reappointment will not be granted leave. Under no conditions will such leave be granted unless the employee has signed a contract covering the period for which the leave is granted.
 - b. Any employee on maternity leave for the remainder of a school year or for the entire school year who, on expiration of leave, wishes to return to duty at the beginning of the next school year shall notify the Superintendent in writing of such desire by not later than April 1.
 - c. If a continuing or professional services contract employee notifies the Superintendent as stated in (b) above, of her desire to return to active employment, such employee shall be assigned to the same or similar position which she held at the time the leave commenced, or if that position is no longer available, to a substantially equivalent position.
 - d. An employee taking maternity leave may, at their option, use any or all of their accrued sick leave, with appropriate statements from their doctor(s).
 - e. Any maternity leave applied for that qualifies for leave under the Family and Medical Leave section of this agreement shall be used in conjunction with the rules of that section of this Agreement.
4. Prior to being placed on maternity leave of absence, any employee who suffers any illness caused or contributed to the pregnancy, miscarriage or abortion shall be allowed to use

accrued sick leave.

E. Family and Medical Leave

The Board shall comply with the Family and Medical Leave Act, provided an application for such benefits is submitted with the request for leave and the employee qualifies for such leave. The inclusion of said leave shall not result in the diminishment of leave or benefits that were available prior to the Family and Medical Leave Act. Guidelines for such leave shall be as follows:

1. Eligible Employees

Employees of Santa Rosa County School Board who have worked for the Board for at least 12 months and have worked at least 1,250 hours during that time may be entitled to a total of 12 work weeks of leave during any 12-month period when leave is taken for one or more of the following circumstances;

- a. The birth of a son or daughter of an employee and to care for the child;
- b. The placement of a son or daughter with an employee for adoption or foster care;
- c. To care for the spouse, son, daughter, or parent of an employee, if the family member has a serious health condition; or
- d. The employee is unable to perform the functions of the position because of the employee's own serious health condition.

A "serious health condition" is an illness, injury, impairment, or physical or mental condition that involves: (1) inpatient care at a hospital, hospice, or residential medical care facility; or (2) continuing treatment by a health care provider.

In the case of the birth or placement of a child for adoption or foster care, the employee's entitlement to leave expires at the end of the 12-month period beginning on the date of the birth or placement.

Where both spouses work for the Board, their total, combined leave in any 12-month period is limited to 12 weeks if leave is taken for the birth or adoption of a child.

2. Intermittent or Reduced Schedule Leave

When medically necessary, intermittent or reduced schedule leave can be taken in cases of a serious health condition, either an employee's own or that of a family member. Intermittent or reduced leave schedule is not available for the birth or placement of a son or daughter.

Employees seeking intermittent or reduced schedule leave based on planned medical treatment are required to produce medical certification outlining the dates on which treatment is expected and the duration of the treatment. Employees are expected to make a reasonable effort, subject to the health care provider's approval, to schedule treatment so as to not unduly disrupt the Board's operations. Employees are also required to give the Board, through the human resources department, thirty (30) days notice or as much notice as is practicable of their intentions.

In the event an employee requests intermittent or reduced schedule leave due to a family member's or the employee's own serious health condition, the employee may be transferred by the Board to a temporary alternative job for which the employee is qualified and which better accommodates the Board's needs and that of the employee.

Instructional employees who request intermittent leave on a reduced leave schedule to care for a family member, or for the employee's own serious health condition, which is foreseeable based on planned medical treatment, when the employee would be on leave for more than 20 percent of the total number of working days over a period the leave would extend, are required to choose either to:

- a. Take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
- b. Transfer temporarily to an available alternative position for which the instructional employee is qualified which has equivalent pay and benefits and which better accommodates recurring periods of leave than does the employee's regular position.

If the instructional employee does not give required notice of foreseeable family and medical leave as required by this section for intermittent or on a reduced leave schedule, the superintendent may require, at his/her discretion, the employee to take leave of a particular duration, to transfer temporarily to an alternative position, or require the employee to delay the taking of leave until the notice provision is met.

3. Notice

A minimum of thirty (30) days advance notice of an employee's intent to take leave is required when it is foreseeable because of:

- a. The expected birth of a baby;
- b. The expected placement of a child for adoption or foster care;
- c. Planned medical treatment for a son, daughter, spouse, or parent with a serious health condition; or
- d. Planned medical treatment in case of the employee's own serious health condition.

If leave has to begin in less than thirty (30) days as a result of one of the above-referenced circumstances, the employee still must provide the Board, through its human resources office, with advance notice as is practicable.

When notified of the need for FMLA, notice will be provided in writing, within ten (10) working days, from the Human Resource Office to the employee concerning eligibility for FMLA and the employee's Rights and Responsibilities. When the employee fails to notify the Human Resource Office in these circumstances, the employee will be considered to have taken "unauthorized leave" and be subject to progressive disciplinary action.

4. Certification

When leave is requested based on a family member's or employee's own serious health condition, the employee must provide, in writing, a medical certification of the condition and the need for leave from the employee's health care provider within ten (10) days of

the written request for leave. This certification must contain:

- a. The date the serious health condition began;
- b. The probable duration of the condition;
- c. The appropriate medical facts regarding the condition that are within the knowledge of the health care provider;
- d. Where leave is based on care of a spouse, child or parent, a statement that the employee is needed to provide the care and an estimate of the amount of time that the need will continue;
- e. Where leave is based on the employee's own serious health condition, a statement that the employee is unable to perform the functions of his/her job; and
- f. Where intermittent or reduced leave is sought for planned medical treatment, a declaration from the health care provider stating that this kind of leave is medically necessary, the dates that treatment is expected to be given and the duration of the treatment.

This certification will be treated as a confidential medical record and information will be disclosed only on a strictly need-to-know basis, unless otherwise required by Florida law.

5. Use of Paid Leave

Accrued paid leave can be elected as follows:

- a. Accrued paid vacation or sick leave for birth, placement or to take care of a sick family member: or
- b. Accrued paid vacation or sick leave to take care of a sick family member or because of the employee's own serious illness.

An employee who wishes to take Family Medical Leave is required to first use all accrued paid leave. Family Medical Leave will begin on an hour for hour basis if intermittent and on the next full work day of absence for a planned continuous leave period.

6. Recertification of Medical Condition

- a. An employee who has taken leave because of a serious health condition (excludes leave needed for routine maternity leave) or that of a family member is required by the board to obtain subsequent written recertification of the medical condition when the original certification states a full recovery sooner than the 12 weeks of FMLA eligibility or at the end of the twelve month FMLA designation period, whichever occurs sooner. The Board also requires employees on leave under this provision to report periodically, at least every four (4) weeks, on his or her status and the intention of the employee to return to work. Failure of the employee on leave to report periodically on his or her status may subject the employee to discipline for unexcused absences. Any employee who has exhausted all paid leave can petition the Superintendent and board, by letter, requesting that unpaid hardship leave be granted.

7. Restored Employment

Eligible employees who comply with all provisions of this section and who return from family and medical leave have the right to return to the job position that they held when

they went on leave, or they may be placed, in the discretion of the Board, in an equivalent position with equivalent benefits, pay, and other terms and conditions of employment. While on leave, eligible employees will retain all accrued benefits. Restored employees, eligible employees returning from family and medical leave, are not entitled to accrue seniority or employment benefits during any period of leave. Restored employees are not entitled to any right, benefit or position of employment other than any to which they would have been entitled had they not taken the leave.

As a condition to restoring an employee whose leave was based on the employee's own serious health condition, each returning employee may be required to provide, in writing, to the Human Resources Department a certification from the employee's health provider stating that the employee is able to resume work.

8. Maintenance of Benefits

The Board will maintain group health plan coverage for employees on family and medical leave for the duration of the eligible employee's leave. Coverage will be provided on the same level and under the same conditions that coverage would have been provided if no leave had been taken.

In the event an employee fails to return to work after the period of leave expires, the Board may recover any premiums the Board paid for coverage during the leave period. Such recovery can be taken from any benefits or wages owed by the Board to the employee.

In the event, however, that the employee fails to return to work because of the continuation, recurrence, or onset of a serious health condition of a family member or the employee's own serious health condition that would otherwise entitle the employee to take leave, or due to other circumstances beyond the control of the employee, the Board will not attempt to recover such premium. In this circumstance, if the current FMLA health care provider's (HCP) certification clearly states an extended duration of need, the employee may request leave of absence. If the HCP certification expires with the expiration of the FMLA designation, the employee may be required to provide, in writing to the Human Resource Office, a statement or certification from the employee's HCP supporting the extended absence.

9. Leave Taken Near the End of Academic Term

Instructional employees who begin leave more than five weeks before the end of a term are required to continue taking leave until the end of the term if:

- a. The leave will last at least two weeks; and
- b. The employee would return to work during the three-week period before the end of the term.

Instructional employees who begin leave for a purpose other than the employee's own serious health condition during the five week period before the end of the term are required to continue taking leave until the end of the term if:

- a. The leave will last more than two weeks; and
- b. The employee would return to work during the two-week period before the end of the term.

Instructional employees who begin leave for a purpose other than the employee's own serious health condition during the three week period before the end of a term, and the leave will last more than five working days, are required to continue taking leave until the end of the term.

For purposes of this Subsection, "academic term" shall mean the school semester as set by the Board.

If an employee is required to take leave for a period of particular duration or is required to continue taking leave until the end of a school term, the entire period of leave taken will count as family medical leave.

F. Temporary Duty

An employee may be assigned to be temporarily absent from his/her regular duty and place of employment for the purpose of performing other educational services and other duties.

1. Temporary duty may be assigned as hereinafter provided:

Mental/emotional illnesses and pregnancy will not be considered catastrophic illnesses. However, complications from pregnancy or mental/emotional illnesses, which require hospitalization or institutionalization, will be considered by the committee. The Sick Leave Bank committee, at its discretion, is authorized to grant fifteen (15) additional days in hardship situations. Once days from the sick leave bank are granted, the use of the sick leave bank days will begin on the fourth (4th) day without pay.
