# COVID 19 Decision Tree

A medical provider may authorize an earlier or later return to school. Provide physician note with alternate diagnosis for either.

You are:

No known exposure

Symptomatic

Go home and return after...

- 10 days since symptoms onset
- 24 hrs fever free unmedicated
- Other symptoms improved

Exposed to symptomatic person waiting results

Asymptomatic

- In School
- In extracurriculars

- Continue learning to extent possible
- Continue activity to extent possible

Exposed to positive case

- With mask **Contact\***
- Without mask or **Sustained Contact\***

- In School
- Return After...

- Continue learning to extent possible
- 14 days after last contact

COVID 19 Positive

Do not come to school

Return after these 3 criteria met...

- 10 days since symptoms onset
- 24 hrs fever free unmedicated
- Other symptoms improved
