Welcome to AP World History! You have decided to take on the greatest challenge of your academic career to date. This is a college-level course that will cover 1,000 years of human history. With that said, understand that this course is not designed for you to memorize names and dates, it is designed to develop your critical thinking and reading skills in preparation for not only the AP Exam but also for other AP and college courses you will take throughout your academic career.

With this class comes a great deal of responsibility, including maintaining a rigorous reading schedule 3 – 5 nights a week, preparing for up to two content area exams per quarter, retaining your knowledge throughout the year, and learning from critique so that you can improve your skills. 60% of our AP Exam is based on writing, requiring students to be not only be able to understand content but also to be able to explain how specific events fit into the big picture of World History. If you do not think you are prepared for these responsibilities, then I would encourage you to look for an alternate course. Our drop-add period is the first three weeks of school, August 12th – 30th. During this period, you will have the opportunity to drop the course if you feel it is in your best interest. I would encourage you to at least wait out the first week and speak to both myself and your counselor before you make the decision.

Your summer assignment consists of the following:

1. Maps to label – **Due Friday, August 16th**
2. Key terms – **Due Monday, August 19th**
3. Crash Course Videos that will be discussed and supplemented with readings

You will also have a map test on **Friday, August 16th** and a key terms test on **Monday, August 19th**. Late summer assignments will not be accepted and will be entered as a 0/100. Make use of the time you have been given this summer to prepare for the coming year. It should not take you long to finish these assignments.

I can be reached all summer long at my email address: PerryA@santarosa.k12.fl.us. I will check my email at a minimum of once per week over the break, so please allow a few days for me to respond. In all emails, be sure to include the words “AP World Summer Assignment” in the subject and your name at the end of the email. As a policy, I do not open emails that originate from outside the county network and do not have subject lines.

Using the maps provided, locate and label each item on the corresponding maps using the color coding and numbers in each list. For example, to label the region of North Africa, outline the region in red and label it “1”. You are only required to label each item once rather than on every map where it appears.
