 - 8 elective credits (including 1 online course)

Total = 24 credits

For information on the Early Graduation (18-credit) Plan, please contact your child's Guidance Counselor.

- All students must have 2.0 GPA to earn a diploma.
- All general education students must pass the FSA Reading & Writing Test and the Algebra 1 EOC Test in order to earn a diploma.
- The following EOC exams count as 30% of the course grade:
 - *Biology *Algebra I *Geometry *US History(Out-of-state transfer students are encouraged to contact their Guidance Counselor for *possible* exemptions.)
(Please know it is possible to not pass the EOC, yet earn a passing Semester Exam grade on the Report Card @ the end of 2nd Semester. EOC grades are assigned by the District, while Pass vs. Fail is determined by the State.)
- A student's report card during the school year may not display accurate credits or GPA for classes that are tied to an EOC. This is because we are not able to award credit until the EOC scores are available.
- If your child received a state score report depicting his/her performance on a standardized test, please visit https://fsassessments.org/core/fileparse.php/4344/urlt/Understanding_FSA_Reports_2018_041918_Final.pdf, <http://fldoe.org/core/fileparse.php/5663/urlt/FSAELA-MathFS1718.pdf>, or <http://fldoe.org/> for additional clarity and interpretation.
- All parents are highly encouraged to periodically check their child's graduation credits and grades by logging into ClassLink at <https://students.santarosa.k12.fl.us/Account/LogOn> to view the student/parent portal. Grades are updated by teachers every-other week.
- All students and parents are also encouraged to regularly check the NHS website, Twitter feed, Facebook, and outdoor marquee for important announcements and reminders. This is especially important for Dual Enrollment Students and Seniors! Also, please join our Remind 101 Text Messaging Service! (See reverse side.)

Remind 101 is a website that provides a safe way for the school to text a message to students & parents. Only one-way communication is used; therefore, please do not respond to any messages as they will not be received. The service is free, but *standard messaging rates apply*. So, if you do not have unlimited texting on your cell phone's data plan, you might be charged for each text message.
