4. Participation in meets/Placement in events
 - a. There will likely be around 200 athletes on the boys and girls teams combined. Unfortunately, not all athletes will participate in all meets. In the Invitationals, only the top three or four athletes participate; we try to get everyone to one away meet (2/13 or 2/20); and all athletes are eligible to participate in two meets at home (2/27 or 3/13). ****Athletes MUST be at ALL practices in order to participate in meets****
 - b. There is a place for everyone on the track team, yet coaches have discretion to adjust athletes in events at any time; therefore, athletes will compete in the events in which the coach sees they best fit, not necessarily in the event of their choosing.
5. Parent/Athlete Information Sheet
 - a. Handout
 - b. Fill out and return *Be sure to mark boy or girl*
6. Fundraising
 - a. Track is incredibly expensive. The team has to pay to enter meets, to buy gas for busses, to buy food for the athletes. A few meets require overnight stays, extra bus drivers, etc., so we ask each athlete to raise \$150.00 through one of our two fund raising options.
