

CHAPTER 8.00 - AUXILIARY SERVICES

INFECTION CONTROL GUIDELINES

8.13

School Board employees who handle body fluids/wastes of others shall adhere to the following procedures, which emphasize avoidance of direct contact of employees' skin and mucous membranes with mentioned products of persons who may have a communicable disease:

- (1) Rubber or latex gloves shall be worn and discarded after one (1) use.
- (2) Body fluids/wastes shall be removed by using a freshly prepared disinfectant solution as prescribed in approved District Exposure Control Plan. All soiled surfaces shall be cleaned with this mixture by using disposable towels, whenever possible. Any substitute disinfectant solution shall be approved by the appropriate District officer.
- (3) All soiled articles shall be disinfected, double-bagged, and discarded in pursuant to approved guidelines.
- (4) Mops and other cleaning implements shall be thoroughly rinsed in the disinfectant solution.
- (5) Hands shall be washed thoroughly with soap and water after removing gloves or if bare hands accidentally contact any body secretions.
